Impression of Amsterdam RAI

Easy to get around

BY AIR

You can reach Amsterdam RAI from Amsterdam Airport Schiphol by car or public transport in less than 15 minutes. Schiphol Airport is one of Europe's biggest airports and offers passengers a high standard of service.

BY TRAM & BUS

If you arrive at Amsterdam Central Station (CS), take either the Amstelveen metro 51 (travelling time: 12 minutes, exit at the Amsterdam RAI station) or tram 4 (travelling time: 30 minutes, exit at the RAI Europaplein). If you are travelling by train to the Amstel station, you can take the Amstelveen express tram 51 (travelling time: 5 minutes) or the bus (bus 62, 65), which will bring you to the RAI within 10 minutes. In this case you should get off at RAI Europaplein. From Amsterdam Sloterdijk station, the best way to reach the RAI is with metro 50.

BY TRAIN

NS-station Amsterdam RAI is 300 meters from the RAI and has regular connections to all parts of the Netherlands, like Schiphol, Rotterdam, Utrecht, The Hague as well as the international rail network. Check the NS website (www.ns.nl) for your itinerary.

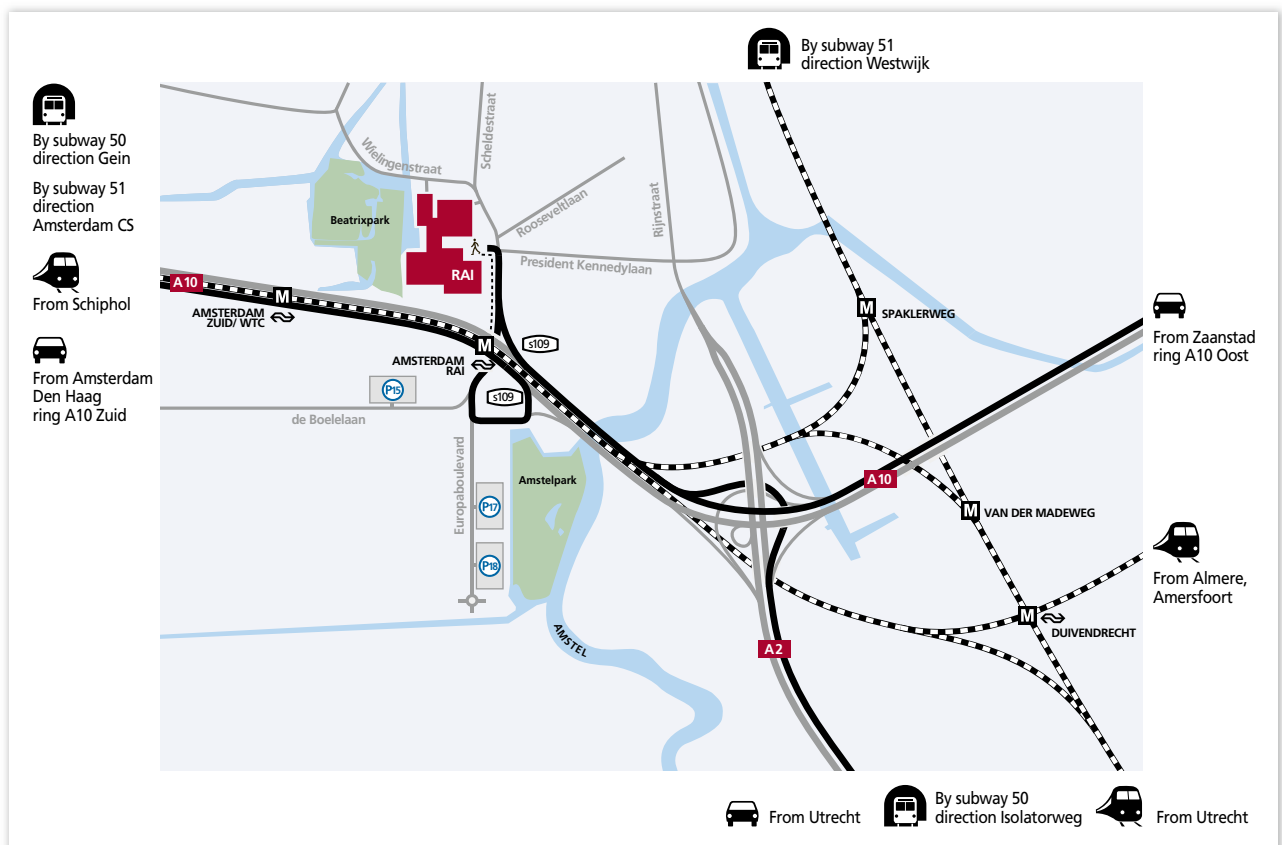

BY CAR/MOTORBIKE

Amsterdam RAI is ideally suited for visitors who come by car. It is situated alongside the Amsterdam's A10 ring road (exit S109) and has its own underground car parks. As all main motorways can be easily reached from the ring road, the RAI is very accessible to visitors coming from within the Netherlands or abroad.

Numerous signboards give directions to the RAI. During large exhibitions orange signs displaying 'P RAI' will direct you to additional parking places from where a free shuttle bus takes you to Amsterdam RAI.
